4.3. STRUCTURE OF THE BOARD OF DIRECTORS						
4.3.9 - The board of directors has approved the policy on its own composition, setting a minimal target of 25% for female directors. The board annually evaluates its composition and nominates directors so as to be compliant with the policy.			X			Although the Company has so far not set a certain target ratio and timeframe for the number of female directors in the board of directors and so no policy has been adopted to this end, the Company cares to include people with sufficient competence to the Company's executive positions and the Board without any discrimination, and shows maximum efforts to have women take active roles in the board of directors. On the other hand, while selecting the board members, priority is given to the selection of candidates with due quality and experience as required by the Company's activity area, and we do not prefer to adopt a binding policy that sets a certain number for female directors. There have been female directors in the Company's board of directors since 2012, while there are three female directors in the current board of directors (female directors ratio 33%). There are no immediate plans to take action for adopting a target or setting a policy regarding the number of the female directors.

There is a Board of Directors Secretariat in the Company responsible for preparing and delivering the information and documents related with the board meetings to the Board of Directors; and as a rule under the general practices of the Company, care is taken to send the information and documents relevant to the agenda of the board meetings to all board members at least one week in advance. We are planning to insert a minimum time to the

						working principles on this subject, when updating the Board of Directors' Working Principles comes to the agenda.

Assumption of external commitments by the Board members hasn't been limited given the contribution of the work experiences and industry experiences of the Board members. Board Members are required to consider during their appointment as an executive or a Board member or a consultant for another company that this appointment should not lead to conflicts of interest, while Independent Board Members - in addition to this fact - should further consider that their such assignments should not violate the independence criteria as provided under the working principles. Furthermore, relevant regulations are observed in assessment of the candidates for Board memberships. The résumés of the board members include their external commitments and the résumés of the board members are submitted to the information of the shareholders at the General Shareholders' meeting. There are no intentions to restrict the external commitments of the Board members, because until now there has been no case in our Company where a Board member neglected his/her duty as a Board member in our Company or failed to show the due diligence and time for the Company due to an assumption of an external commitment.
4.5. BOARD COMMITTEES						

4.5.5 - Board members serve in only one of the Board's committees.			X			Board members may serve in more than one Board committee to enable the establishment of Board committees and their functioning efficiently. All of our independent Board members have a role in our Board committees. The Board members who serve in more than one committee both help increase the possibilities of cooperation between the committees having similar work areas and improve the decision-making processes as they ensure a good communication between these committees.
4.5.6 - Committees have invited persons to the meetings as deemed necessary to obtain their views.	X					
4.5.7 - If external consultancy services are used, the independence of the provider is stated in the annual report.					X	No external consultancy services are used by the Committees in 2020.

However, Board members participate actively in the negotiation and decision-making processes of both the Board of Directors and the Committees established under it by joining in person to the meetings of both the Board of Directors and the Committees, and also identify the strategic targets of the Company by preparing the Company's strategy paper. Board of Directors reviews and reports the efficiency of the Committees on an annual basis. There is no need for another separate application for the Board performance evaluation, given the scale of the Company and the functioning of its Board of Directors.
4.6.4-The company did not extend any loans to its board directors or executives, nor extended their lending period or enhanced the amount of those loans, or improve conditions thereon, and did not extend loans under a personal credit title by third parties or provided guarantees such as surety in favour of them.	X					
4.6.5 - The individual remuneration of board members and executives is disclosed in the annual report.			X			The benefits offered to the Board members and the top management are collectively disclosed to the public via Financial Statements issued every three months, and in the Annual Report the benefits are disclosed separately for the Board of Directors and the top management. The remuneration of the Board members are decided at the General Shareholders' meetings, so the salary of the Board members are known by the public because all

						Board members are paid equal salaries. The remunerations paid to the executives with administrative responsibility are preferred not to be disclosed given the current general practice in the country and the competitive conditions in the labor market.
